

FABULOUS

Lesson Plans for

4's

OPTIONAL

Your Name: Lisa

Program Name: The Looking Glass

Title of Activity Colorful Tape Measuring

Topic of Study (if appropriate): _____

Type of Activity Small Group Large Group Interest Area Idea Other _____

Area of Development/Learning:

Social/Emotional Physical/Health Cognitive Language, Literacy, & Communication

Science and Technology Creative Arts Social Studies Literacy Math

Materials for Child and/or Teacher:

- Black Construction Paper
- Masking Tape
- Multi-colored Sharpies

Explanation of the Activity (Beginning, Middle, End)

- Show students the materials and explain that they will have a chance to make their own creation with tape.
- Demonstrate how to rip masking tape with your fingers and place the tape on the paper. Students can color their tape pieces multiple colors and make them whatever lengths they would like.
- Give each student a long piece of tape and allow them to start ripping and coloring their tape pieces.
- As they are working, talk about how the tape on everyone's paper is different. (colors, lengths)

Ideas to Extend the Activity

1. When students are done they can measure their tape pieces with rulers, cubes, sticks, etc.
2. Let students know the materials will be available during choice time if they would like to do it again.
